Presents

**International Conference on Engineering for a Sustainable World
 ICESW 2020**

(PHYSICAL CONTACT AND VIRTUAL MODES)

**Theme:
 ENGINEERING FOR A SUSTAINABLE WORLD**

Date

August 10-14, 2020

Venue

Centre for Entrepreneurial Studies
 Covenant University, Canaan Land,
 Ota, Nigeria

IMPORTANT DATES

JULY 24, 2020

Extended deadline for full paper submission

JULY 31, 2020

Final notification of acceptance of full papers

4th International Conference on Engineering for a Sustainable World ICESW 2020

The aim of the conference is to bring together international experts, scholars, policy makers, industrialists, etc to discuss contemporary and cutting-edge research in engineering management, innovation, energy development and clean technology. This conference will also provide a golden opportunity to meet experts and develop new collaborations on the fundamentals, applications and products from various fields such as: sustainable energy, sustainable cities, engineering innovations, clean technology/production, sustainable materials and engineering, mechatronics, renewable energy systems etc.

The Conference Technical Sessions will be devoted to:

- Renewable Energy and Sustainability
- Engineering Innovations
- Sustainable Manufacturing Systems and Techniques
- Modelling and Simulations
- Clean Technology
- Local Contents in Manufacturing
- Chemistry and Physics of Material
- Sustainable Materials and Processing
- Engineering Policies and Education for Sustainable Development
- Mechatronics
- Thermal Engineering
- Sustainable Buildings and Cities
- Sustainable Product Design and Development
- Eco-Industrial Parks
- Industrial and Production Engineering

In addition, roundtable discussions and breakout sessions will facilitate open discussion on selected topics, such as environmental policies, regulatory requirements, standards and education for sustainable engineering.

FULL PAPER (FOR PRESENTATION AND PUBLICATION)

All authors of accepted full papers will be invited to give oral presentation of the study and be published in the Conference selected publication outlets.

ABSTRACT (FOR PRESENTATION ONLY)

All authors of accepted abstracts will be invited to give oral presentation only. The abstracts will appear in the book of abstract that will be compiled in CD.

Participants willing to present paper(s) at the conference should submit abstract(s) of not more than 500 words in a word file and full-length paper(s) (for presentation and publication) to

icesw2020@covenantuniversity.edu.ng or
ojo.fayomi@covenantuniversity.edu.ng

The Conference proceedings will be published in the following outlets after rigorous double-blind peer review process.

- IOP Conference Series: Materials Science and Engineering (Indexed in Scopus)
- Journal of Physics: IOP Conference Series (Indexed in Scopus)
- Covenant Journal of Engineering Technology

Each abstract must indicate clearly and precisely the major points of interest, the novelty of the topic and to which theme the paper is relevant (see sessions listed in the Aim & Scope paragraph). It should be original and contain an introductory part, methodology, results (or expected results) and conclusion.

In addition to the technical content, the abstract should contain the following information:

- Title of paper
- Theme (see technical sessions list in Aim & Scope)
- Name and affiliation of author(s)
- Full contact details of author including mail, email, phone and fax numbers
- Links to previous conference proceedings are:
 - ICESW 2018: <http://iopscience.iop.org/issue/1757-899x/413/1>
 - ICESW 2019: <http://iopscience.iop.org/volume/1742-6596/1378>

ORGANIZATION

The Conference will include:

- Plenary and splinter or breakout sessions
- Poster sessions
- Roundtables and mini-workshops
- Technical exhibition (hardware, software)
- Local Contents in Manufacturing
- Undergraduate Students' Presentation/Competition Session

The working language is English.

TECHNICAL EXHIBITION

An exhibition of hardware and software items is planned during the conference. Interested organizations or individuals are invited to submit a request for permission to display their hardware and software products during the conference. The request should include a short description of the material to be displayed and its relevance to the conference themes, as well as the table/floor/poster space required. Exhibitors are expected to register for the conference.

PROCEEDINGS

There will be no hardcopy book of abstracts. The Book of Abstracts will be distributed to all authors and registered participants in pdf format shortly before and/or after the conference. Also, there will be no hardcopy proceedings as all accepted papers will be published in the suggested conference publication outlet. Authors will receive the 'Instructions to Authors for the preparation of their manuscripts (final papers) approximately two months before the conference. These Instructions to Authors will also be made available on the conference website.
